

# CREATE THE CHANGE LA

#CreateTheChangeLA

On October 7, 2018, nearly 350 people gathered in Pasadena for PGK's first LA Create the Change Day to be of service to others at a time when the world is in need of help, hope and healing.

Children with their parents, teens with their friends, grown-ups wanting to set a positive example, all together for one purpose, to be a sign of light and compassion.

Packed over 100 toiletry kits for low income and homeless individuals (and provided product for 200 more!)

Made over 150 cards and notes for homeless and hungry neighbors

Crafted 100 beautiful succulent pots for home-bound elderly neighbors

Crafted over 110 toys and blankets for shelter dogs and cats

Collected over 1,000 books and made 150 bookmarks for inner-city students

Collected over 1,500 crayons and assembled them into more than 130 crayon pouches for kids at Title I schools, with notes of kindness

Assembled 88 "Sweet Cases" for foster youth to make their transitions a little more comforting (and provided enough snugglies to make even more)

Assembled over 125 backpacks with school supplies and notes of encouragement for homeless students

Colored over 200 "homes" to reinforce the message and need for affordable housing (to be shared with city council members)

**"My favorite part of Create the Change Day was thinking about what I'm doing to help other people."**

-9 year old, Pasadena

[www.projectgivingkids.org](http://www.projectgivingkids.org)

Made over 100 lunches to feed the hungry

Taught youth about important environmental issues
